PROFILE SUMMARY

Experienced python developer skilled in Python, React.js, with a strong focus on building responsive, high-performance web applications. Proven ability to deliver scalable solutions and collaborate effectively within agile teams.

EXPERIENCE

Graphic Designer

BizMart Infotech

09/2025 - Present Noida, India

Description

- Developed and maintained scalable backend applications using Python, designing RESTful APIs and implementing business logic for client web applications.
- Worked with databases such as MongoDB, optimized queries, managed data processing workflows, and ensured efficient backend performance.

Full Stack Developer (Freelancer)

02/2025 - 06/2025 Greater Noida, India

Description

- Architected and launched a full-stack Construction Management System using the MERN stack.
- Developed a dynamic user interface with React.js and Tailwind CSS featuring a real-time dashboard.
- Engineered a secure RESTful API with Node.js and Express.js for robust data management.

Associate Consultant - Development

Oodles Technologies

12/2023 - 05/2024 Gurgaon, India

Description

- Implemented secure JWT-based authentication and protected data using bcrypt hashing.
- Developed RESTful APIs for user sessions and learning content for playwithtamil.com.
- Created dynamic PDF generation using PDFKit and optimized database queries.
- Built responsive UI components for the learning portal using React.js.
